M.Anantasawmi Rao Naqro B.A.

Secretary to the Govt of Mysore,

Muzrai Department.

Sir,

In submitting herewith a copy of the Resolutions passed at a meeting of the citizens held in the new Temple, constructed by the Government in Chamarajendrapett, Bangalore, I request the favour of your kindly obtaining the early orders of Government in the matter of the completion of the present building with "Gopura" and "Mahadwara" and of the Pratishta or installation of the Ishwara and Vishnu Vigrahas in the Temple.

The substance of the Resolutions is, that since no Temple is provided for by Government in the Chamarajendrapett Extension which was opened in the interests of the citizens and the one that was in existence near the City Railway Station was acquired by Government, the cost of the new Temple may be met entirely from the Muzrai Funds or from the City Improvement Funds to the credit of which there is a sum of Rs.30,000/ nearly in the Bangalore District Treasury, or from other charitable Fund such as Damodardass Sait Fund &c, that the Pratishta or installation ceremonies be performed at Government expense, the citizens bearing the cost of feeding and processions &c and that the maintenance of the Temple be conducted from the interest on the conversation amount + interest thereon which has accrued up to date payable by Government on account of the temple acquired near the City Railway Station. If any portion of this sum has been utilized for the construction of the present building, I am desired to request that the sum be adjusted by a debit to the Muzrai,

City

City Improvement or other Charitable Fund may be decided by Government and the whole amount of compensation with interest thereon which has accrued up to date invested in the Savings Bank for the maintenance of the new Temple at Chamarajpett.

As it is nearly 16 years since the old Temple was acquired and more than 4 years since the new one was constructed and as it is highly undesirable that there should be a half finished Temple without a deity, the citizens respectfully beg that the Government may be pleased to issue early orders for the completion of the building before the end of January 1905 and for the Pratishta or installation ceremonies being performed in the beginning of February 1905.

I beg to remain, Sir,
Your most obedient Servant
[signature]
President of the Committee.

Chamarajpett,
Bangalore
5th/9th November 1904.

Proceedings of a public meeting convened at the New Temple built by Government at Chamarajpet, Bangalore, on the 9th October 1904.

Proposed by Mr.Pandit Hoskote Venkataramana Sastry, seconded by Mr.Karpur Shrinivas Rao, Executive Engineer, Bombay D.P.W. and supported by Mr.B.Appajiah, Municipal Commissioner that Mr. H.Ramayya be appointed as President of the Committee for the management of the affairs connected with the New Temple at Chamarajpet to be named Rameshwara Temple and that the following gentlemen be appointed members of the managing committee:-

1.Mr.K S Chendrasekaran Iyer
2." S.Ramaswamy Iyer, Government Advocate.
3." A.Subbanna
4." Papanpally Ramarao
5." Sowcar Mundi Muthoji Rao
6." S.Timmappayya
7." Pandit H.Venkataramanasastry
8." Appajappa, Municipal Commissioner (Treasurer of the mittee).
9." Pandit Gowdigere Venkataramanacharya
10." Chowbine Subbarao (Secretary of the Committee).
11." Pandit Viswoswaranasastry
12." Mandi Kenchappa

The managing committee to have power to add to or modify the number as may be necessary - Carried Nem Con.

2. The following resolutions were then passed by the General Committee:-

3. That the members understood that when the old Rameswara Temple and the Big pond near the City Railway Station were acquired for extending the compound of the Bungalow attached to the Railway Company, it was decided by Government that the compensation payable therefor should be utilized for maintaining

a similar Temple elsewhere in the City and that therefore the money was invested in the Government Savings Bank. Now that the Government were pleased to construct the present building from Muzrai or other funds it was resolved that they (the Govt) be requested to complete the same according to the Shastric principles which require a "Sukhanasa" and two Garbha Gudies or apartments for Parvathi and Ganesha and also Gopura and Mohadwara the only room or Garbhagudi now available being converted into "Sukhanasa" and 3 rooms added to the south of the building for Isvara, Parvathi and Ganesa with Gopura and Mohadwara as shown in the accompanying plan.

4. That as it is very desirable that there should be a Vishnu image also in the proposed Temple in order that the institution may become more popular and that the residents of the Chamarajpet and Basavangudi Extensions newly opened by Government in the interests of the City and also the citizens of Bangalore in general may use the Temple and the spacious compound attached to it on all auspicious and ceremonial occasions such as marriages &c, it is resolved that the Government be requested to add only 2 more ankanams or rooms one to the east and the other to the west of the present building, the former being used as an entrance and the latter for the installation of the Vishnu or Rama Vigraha and that the proposed Temple be named "Ramalingam Temple" with Rama's Murti facing east and Isvara's Murti facing north.

5. That as the total cost of the additions and alterations now proposed according to Shastric principles comes to Rs.2660-9-4 as shown in the accompanying estimate, the Government be respectfully requested to have the works executed by the Public Works Department agency or to place the funds from the Muzrai Budget at the disposal of the Managing Committee of the Temple in order that the works may be completed by the end of January 1940 and the Pratishta or installation ceremonies [illegible]

February 1905 "magha" - as it is nearly 18 years since the deity near the Railway premises was removed and no Puja is conducted since then.

6. That as it was the Government that acquired the former Temple, the same authority be requested to complete the present building and to arrange for the performance of the Pratishta or Installation ceremonies the estimated cost of which is about 400 Rs. the Committee undertaking the expenses connected with the feeding and processions &c which may come to about 1,000 Rs. from subscriptions to be raised for the purpose.

7. That as it is impossible for the Committee or any private agency to undertake the maintenance of the Temple as a permanent measure, the Government be requested to maintain the Institution from the interest on the amount of compensation held in deposit, the expenditure already incurred and that is to be hereafter incurred on the proposed alterations and additions being treated as a grant from the Huzroi or other Funds for providing a place of worship in the Extensions opened out by His Highness the late Maha Raja Chamarajendra Wadeyar Bahadur G.C.S.I and his illustrious consort Her Highness the Maha Rani Regent C.I. If however any portion of this amount of compensation has been spent on the construction of the present building, the Government be requested to debit the same to the Huzroi or other Funds, for reasons above stated, the original object of maintaining the institution being kept up by investing the compensation amount with the interest which has accrued upto date in the Government Savings Bank for the maintenance of the Temple.

8. That the following minimum estimate of monthly charges required for the maintenance of the Temple ~~should~~ be submitted for the favourable consideration and sanction of Government.

(a) 1 Archik on Rs.6 per mensem. - - - - - Rs. 6 per mensem.
(b) Naivedya charges for Iswara and Vishnu Rs.4 per mensem.
(c) Dooparadhane charges.....Rs.3 per do.
(d) Camphor &c....." 1 do.
(e) Mali or watchman....." 6 do.

Total Rs.20 do

That with a view to reduce the maintenance charges as far as possible the worship in the Temple be conducted according to Vydic agama, so that it may be possible for one and the same priest to worship both the Vishnu and Siva Vigrahas, as according to Saiva agama, a separate priest would be necessary for the Vishnu Vigraha and the public will have to depend always on a particular sect of Brahmins for Siva puja without any corresponding advantage.

10. It is further resolved that a public subscription list be opended to defray the feeding and other expenses incidental to the Pratishta ceremonies, the actual Pratishta charges being borne by Government as prayed for in para 6 supra.

11. It is also resolved that a copy of these Proceedings be submitted to Government in the Muzrai Department by the President for favor of very early consideration and orders.

Chamarajpet Bangalore,
9th October 1904.

President.

Dated 7—1—1905. Bangalore city

Despatched

Received

General No. 2373
Muzrai F. No. 24—98.

Enclosure No. 2 (Plan & estimate)

Sir,

In returning herewith the plan and the estimate for Rs 2689-9-4 received with your application No. 1752, dated 5th November 1904, for certain improvements proposed to be effected to the new temple at Chamarajpet, Bangalore city, I am directed to state that it appears to Govt—

(1) that there is no need for an extension of 4 anikanas to the

South of the present building and
the building up of
that with one Ardhamam for the
Garbhagriha, Parvati and Ganesa
being placed
~~may be put up~~ in 2 rooms which
may be enclosed as shown in the plan;

(2) that only one room need be
added either to the east or to the west
of the present temple for putting up
a Vishnu idol; and

(3) that there seems to be no
urgent necessity for the Gopuram
or the Mahadwara, and for another
entrance to the temple to the west or East
of it, ~~which may be~~ all such works being, if considered necessary,
reserved for
another convenient opportunity.

2. In these circs, I am to
request that you will be so good
as to have the estimates revised
in the light of the remarks above
made, and submit the same together
with the plan for the early orders of Govt

I have &c,

Dewan's order)

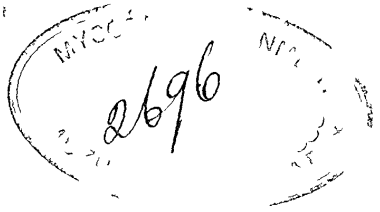
7/1/05

7/1/05

Secretary, Munz: Deptt

17

1/05



To

The Secretary to the

Government of Mysore

Muzrai Department

6. 1871/05

With reference to your letter No 2475 of the 7th January 1905, I beg to submit herewith 4 revised estimates with an abstract for Rs 1306 / for certain improvements proposed to be effected to the new Temple at [illegible] and request that you will kindly obtain the early sanction of Government to the same.

2. The particulars of these estimates are noted [illegible]

(a) Estimate No 1 for Rs 810/ provides for a room to be added to the west of the present temple for setting up the Vishnu idol

(b). Estimate No 2 for Rs 492 / pertains to improvements to be added to the East of the temple in the shape of a Verandah and an entrance opposite to the room in which the Vishnu idol is placed. As the Extensions of the Verandah on both sides (instead of only one side) are necessary according to Shastric [illegible]

(2) Estimate No III for Rs 199 is for enclosing the two rooms in the present building, for Parvati and Ganesha as suggested in your letter .

(3) A lump sum provision of Rs 500/ is made in estimate No IV for building a small tower (Vimana) on the present Garbhagudi of the pattern built for the Sri Krishnaswami Temple in the Malleswaram Extension .

Though the construction of Mahadwara and Gopura may be deferred for another year , it seems important that a small tower (Vimana) should be constructed at once to give the building the appearance of a Temple and the Citizens therefore pray that this and the small Verandah to the East of the building may kindly be sanctioned by the generous Government of His Highness the Maharaja of Mysore .

I have the honour to be,

Sir,

Your most obedient servant,

President of the Managing Committee for the new Temple at Chamrajpet .

To

The Secretary to the Government of Mysore,

Huzroi Department.

Sir,

Referring to Government Proceedings sanctioning a revised estimate for Rs.1,306 for certain improvements proposed to be carried out to the Ramaswara Temple at Chamarajpett, I beg to bring to your kind notice that on an examination of the temple building it was found that the foundation and walls of the present Garbhagudi cannot stand the weight of the Gopura (or Vimana) proposed to be built thereon and that the raising of partition walls within the temple would not only give it a cramped appearance and obstruct light and ventilation but would also curtail the space now available for gatherings on important and festive occasions. Some of the Residents of the City have therefore resolved upon adding three rooms to the south of the present building according to the original plan. I request the favor of your kindly obtaining the sanction of Government to the said addition on condition that the cost of the improvements and additions does not exceed the amount viz Rs.1,306 sanctioned by Government.

I may add that during his inspection of Chamarajpett last month, His Excellency the Dewan was pleased to say that he had no objection to the additions proposed provided the cost does not exceed the amount sanctioned by Government.

I beg to remain,
Sir,
Your most obedient servant,

Bangaloro,
7th April 1905.
